

# Students Taking Action with Recognition (STAR) General Rules and Guidelines

California FCCLA  
2024-2025

## **PREFACE**

The California FCCLA Competitive Recognition Events (CRE) program was established in 1975 to provide unique opportunities for students to develop leadership and career development skills through the Family and Consumer Sciences (FCS) Education curriculum. In 2015, the CRE Task Force members decided to align a majority of events to the national FCCLA Students Taking Action with Recognition (STAR) Events. In 2019, the Task Force decided to no longer use CRE but instead STAR to reference the competitive event program. FCCLA members who participate in the STAR career development program are able to further develop their skills, talents, and interests: achieve a sense of accomplishment; and receive recognition for their achievements, competence, and performance. It is believed that the FCCLA members who participate in STAR will benefit personally and academically from their involvement. In addition, through their involvement, student members will develop their confidence and personal skills as they prepare for their future and careers.

STAR events are designed to be intra-curricular learning experiences that enhance and enable students to develop positive self-concepts as well as sportsmanship, citizenship, and career skills. All events were developed to reflect the FCS industry-based standards and curriculum. These events should be utilized in the curriculum as an integral part of classroom instruction with an emphasis upon the reinforcement, application, and assessment of academic and FCS skills and knowledge. Further, these events enable FCS instructors to enrich and extend learning beyond the classroom environment. As members exhibit interest and develop skills in the event areas related to instruction, they should be encouraged to participate in the STAR program.

Today's STAR program includes twenty-seven (27) different events that reflect a dynamic, rigorous, and relevant FCS program content. California members can participate in team and individual events in three levels: Level 1, grades 6–8; Level 2, grades 9–10; Level 3, grades 11–12; and occupational, as applicable. In addition, members can compete at three different levels, including region, state, and national. Through the support of numerous individuals, companies, organizations, and corporations, awards, including cash prizes, trophies, scholarships, and merchandise are provided to top competitors.

Special appreciation and recognition are extended to FCS instructors and FCCLA advisors who provide the opportunity for their students to develop skills for success in their personal lives and careers. With their support, the STAR program will continue to be an important component of the FCCLA leadership and career development program while serving as an exciting public relations tool. ## **GENERAL RULES AND GUIDELINES**

### **INTRODUCTION**

California FCCLA is pleased to provide a comprehensive Students Taking Action with Recognition (STAR) Guide for use by state staff, chapter advisors, and members. For purposes of this guide, California STAR (C-STAR) and STAR will be used to reference all competitive events. C-STAR and STAR recognizes members for proficiency and achievement in chapter and individual projects, team events, leadership skills, and career preparation. STAR and STAR offer individual skill development and application of learning through cooperative, individualized, and competitive activities.

Competitive events provide opportunities for members to showcase college and career readiness, knowledge, skills and abilities; promote the FCCLA chapter as an integral part of the Family Consumer Sciences (FCS) education program; and connect with careers, the community, and their peers.

### **EVENT RULE CHANGES**

The STAR Guide will be reviewed annually or as needed, by the State STAR Taskforce Committee which will consist of the FCCLA State Advisor, State STAR Coordinator, and current region STAR Chairpersons.

### **INTRODUCTION OF NEW EVENTS**

The STAR Taskforce will consider one proposal per academic year. A trial event may be reviewed annually for two years and then become an official state offering. Any stakeholder may introduce a trial event. Proposals must be submitted to the State STAR Coordinator four weeks prior to the State Leadership Conference each year. A trial event proposal must be written in the national FCCLA Star Event format. Proposals submitted to the State STAR Coordinator will be disseminated to advisors at the annual State Leadership Conference for discussion and voting. Information will be gathered regarding the proposal and the State STAR Taskforce will make the final approval for the trial event by majority vote.

### **REQUEST FOR CHANGES**

Any request to open a California event for changes must be submitted to the State STAR Coordinator, in both electronic and typed hardcopy format, and received no later than two weeks following the annual State Leadership Conference. By majority vote of the STAR Taskforce Committee, a portion or portions of the STAR Guide may be opened for consideration and changed. Changes will be announced immediately upon a final decision being made by the committee.

### **ELIMINATION OF EVENTS**

In the case that an event has less than five competitors in all divisions combined in the state finals competition for three consecutive years, the State STAR Taskforce Committee has the authority to eliminate the event for the next academic year, modify the event specific rules, or place the event on one-year probation before elimination. However, the committee believes all FCS pathway programs must have an event related to the subject matter.

Typographical errors, misspellings and/or omissions can be changed or corrected on a yearly basis. Any changes should be submitted to the State STAR Coordinator. A memo will be sent out to notify advisors of corrections made to the STAR Guide.

#### **H. Official Dress for STAR Program:**

##### **PURPOSE AND HISTORY**

The purpose of wearing official dress for STAR Competition is to project a professional image and assist students in increasing their understanding of professional-type dress as based on professional standards in the business world. Official dress provides a means to focus on a student's performance and not on the participant's clothing.

Official dress for CA-FCCLA remained basically unchanged through the 1970s. Students and advisors developed the current guidelines. These guidelines were established to make it possible to check official dress in an objective, rather than subjective, manner.

Penalties for STAR competitors who were not wearing official dress have ranged from a ten (10) point deduction in 1974 to disqualification in 1986. The current dress policy reflects a compromise developed with input from students and advisors. This policy is intended to reduce the disqualification of participants and still encourage students to wear professional attire.

##### **WHEN TO WEAR OFFICIAL DRESS**

For STAR Events, official dress must be worn starting at orientation and continuing to the end of the Awards Ceremony. This includes the STAR Check-In and Rehearsal and Awards Ceremony. For exceptions, refer to the Child Development Event, Specific Rule 10, the Culinary Arts Event Specifications, and the Culinary Display Event, Specific Rule 9.

##### **EVALUATING OFFICIAL DRESS**

The dress check is conducted by the STAR Chairperson and STAR Room Consultant during the participant orientation at the qualifying level and state level of competition. To provide consistent

interpretation of official dress, a "STAR Official Dress Policy" is used.
